Vegetable Visual PLU Booklet

Cashier photo reference: match the produce in front of you to the picture, then read the PLU.

How to use this booklet

1. Find the section for the type of produce (the list below shows the sections).
2. Compare the item to the photos. Use the product name, not just the colour, to confirm the match.
3. Read the PLU printed above the name. Always check the sticker on the item if it is different.
4. Entries with a red DUPLICATE PLU badge share a code with another product in the master list. Check the sticker or ask a supervisor before ringing it in.

Image source key

Code Booklet: photo taken from the supplied code booklet (document images).

Produce Guide / Produce Sheets: photo taken from the supplied produce identification PDFs.

AI Generated: realistic computer-generated picture used only where no supplied photo existed. It shows a typical example only; confirm against the real product.

Sections

Section 1 Lettuce (6 entries)
Section 2 Leafy Greens (14 entries)
Section 3 Herbs (14 entries)
Section 4 Brassicas (13 entries)
Section 5 Root Vegetables (18 entries)
Section 6 Potatoes (22 entries)
Section 7 Onions (10 entries)
Section 8 Peppers (22 entries)
Section 9 Tomatoes (9 entries)
Section 10 Cucumbers (4 entries)
Section 11 Squash (34 entries)
Section 12 Asian Vegetables (18 entries)
Section 13 Specialty Vegetables (20 entries)
Section 14 Organic Vegetables (100 entries)

304 PLU entries in total. Master PLU list: FINAL_VEGETABLE_PLU_BOOKLET.
